

Pathway2Algebra I

Table of Contents

			Cluster	Occupation
CHAPTER 1 Foundations of Algebra	1.1	Unit Analysis	1	 Dental Laboratory Technician
	1.2	Modeling with Quantities	13	 Terrazzo Worker
	1.3	Precision and Accuracy	25	 Environmental Protection Technician
	1.4	Structure of Expressions	37	 Economics Professor

			Cluster	Occupation
CHAPTER 2 Solving Equations	2.1	Writing Linear Equations	45	 Credit Counselor
	2.2	Solving Linear Equations with a Variable on One Side	55	 Veterinarian
	2.3	Solving Linear Equations with a Variable on Both Sides	65	 Accounting Clerk
	2.4	Literal Equations and Formulas	77	 Electrician

CHAPTER 3
Solving
Inequalities

			Cluster	Occupation
3.1	Solving Linear Inequalities in One Variable	91		Property, Real Estate, and Community Association Manager
3.2	Compound Inequalities	101		Billing Clerk
3.3	Absolute Value Inequalities	115		Exercise Physiologist
3.4	Solving Inequalities Graphically	125		Business Operations Specialist

CHAPTER 4
Functions
and Linear
Functions

			Cluster	Occupation
4.1	Rate of Change	137		Fitness Trainer and Aerobics Instructor
4.2	Forms of Linear Equations	147		Geological Technician
4.3	Graphing Linear Functions	159		Hydrologist
4.4	Scatter Plots and Lines of Fit	169		Cost Estimator
4.5	Analyzing Lines of Fit	187		Financial Manager

CHAPTER 5
Systems of
Equations and
Inequalities

			Cluster	Occupation
5.1	Solving Systems of Linear Equations Algebraically	199		Applications Software Developer
5.2	Solving Systems of Linear Equations Graphically	213		Chef and Head Cook
5.3	Linear Inequalities in Two Variables	227		Soil and Plant Scientist
5.4	System of Linear Inequalities	237		Industrial Engineers

CHAPTER 6
Exponents and
Exponential
Functions

			Cluster	Occupation
6.1	Exponential Growth	253		Animal Scientist
6.2	Exponential Decay	265		Forensic Science Technician
6.3	Graphing Exponential Functions	275		Accountant and Auditor
6.4	Solving Exponential Equations	289		Epidemiologist
6.5	Comparing Exponential Functions	299		Insurance Sales Agent

			Cluster	Occupation
CHAPTER 7 Sequences	7.1	Understanding Sequences	309	 Biological Sciences Professor
	7.2	Arithmetic Sequences	317	 General and Operations Manager
	7.3	Geometric Sequences	327	 Actuary
	7.4	Recursively Defined Sequences	337	 Sociologist

			Cluster	Occupation
CHAPTER 8 Polynomials	8.1	Using Polynomials	347	 Astronomer
	8.2	Operations with Polynomials	355	 Operations Research Analyst

			Cluster	Occupation
CHAPTER 9 Quadratic Functions and Equations	9.1	Solving Quadratic Equations	363	 Physicist
	9.2	Graphing Quadratic Functions	379	 Aerospace Engineer
	9.3	Modeling with a Quadratic Function in Vertex Form	391	 Atmospheric and Space Scientist
	9.4	Comparing Quadratic Functions	401	 Industrial Production Manager
	9.5	Linear-Quadratic Systems	411	 Economist

			Cluster	Occupation
CHAPTER 10 Graphing and Modeling with Functions	10.1	Piecewise-Defined Functions	421	 Tax Preparer
	10.2	Step Functions	431	 Freight Agent
	10.3	Operations on Functions	441	 Film and Video Editor
	10.4	Comparing Linear, Exponential, and Quadratic Models	453	 Appraiser and Assessor of Real Estate

			Cluster	Occupation
CHAPTER 11 Radical Expressions and Equations	11.1	Solving Radical Equations	463	 Registered Nurse
	11.2	Square Root Function	471	 Radiologic Technologist
	11.3	Graphing Square Root Functions	481	 Mechanical Engineer
	11.4	Inverse Functions	491	 Wind Turbine Service Technician

			Cluster	Occupation
CHAPTER 12 Statistics	12.1	Measures of Center and Spread	501	 Statistician
	12.2	Representing Data with Box Plots	513	 Computer and Information Systems Manager
	12.3	Representing Data with Histograms	525	 Financial Examiner
	12.4	Using Two-Way Frequency Tables	539	 Social Science Research Assistant
	12.5	Analyzing Data	555	 Market Research Analyst
